**LET'S KEEP  
OUR WORLD  
CLEAN!**

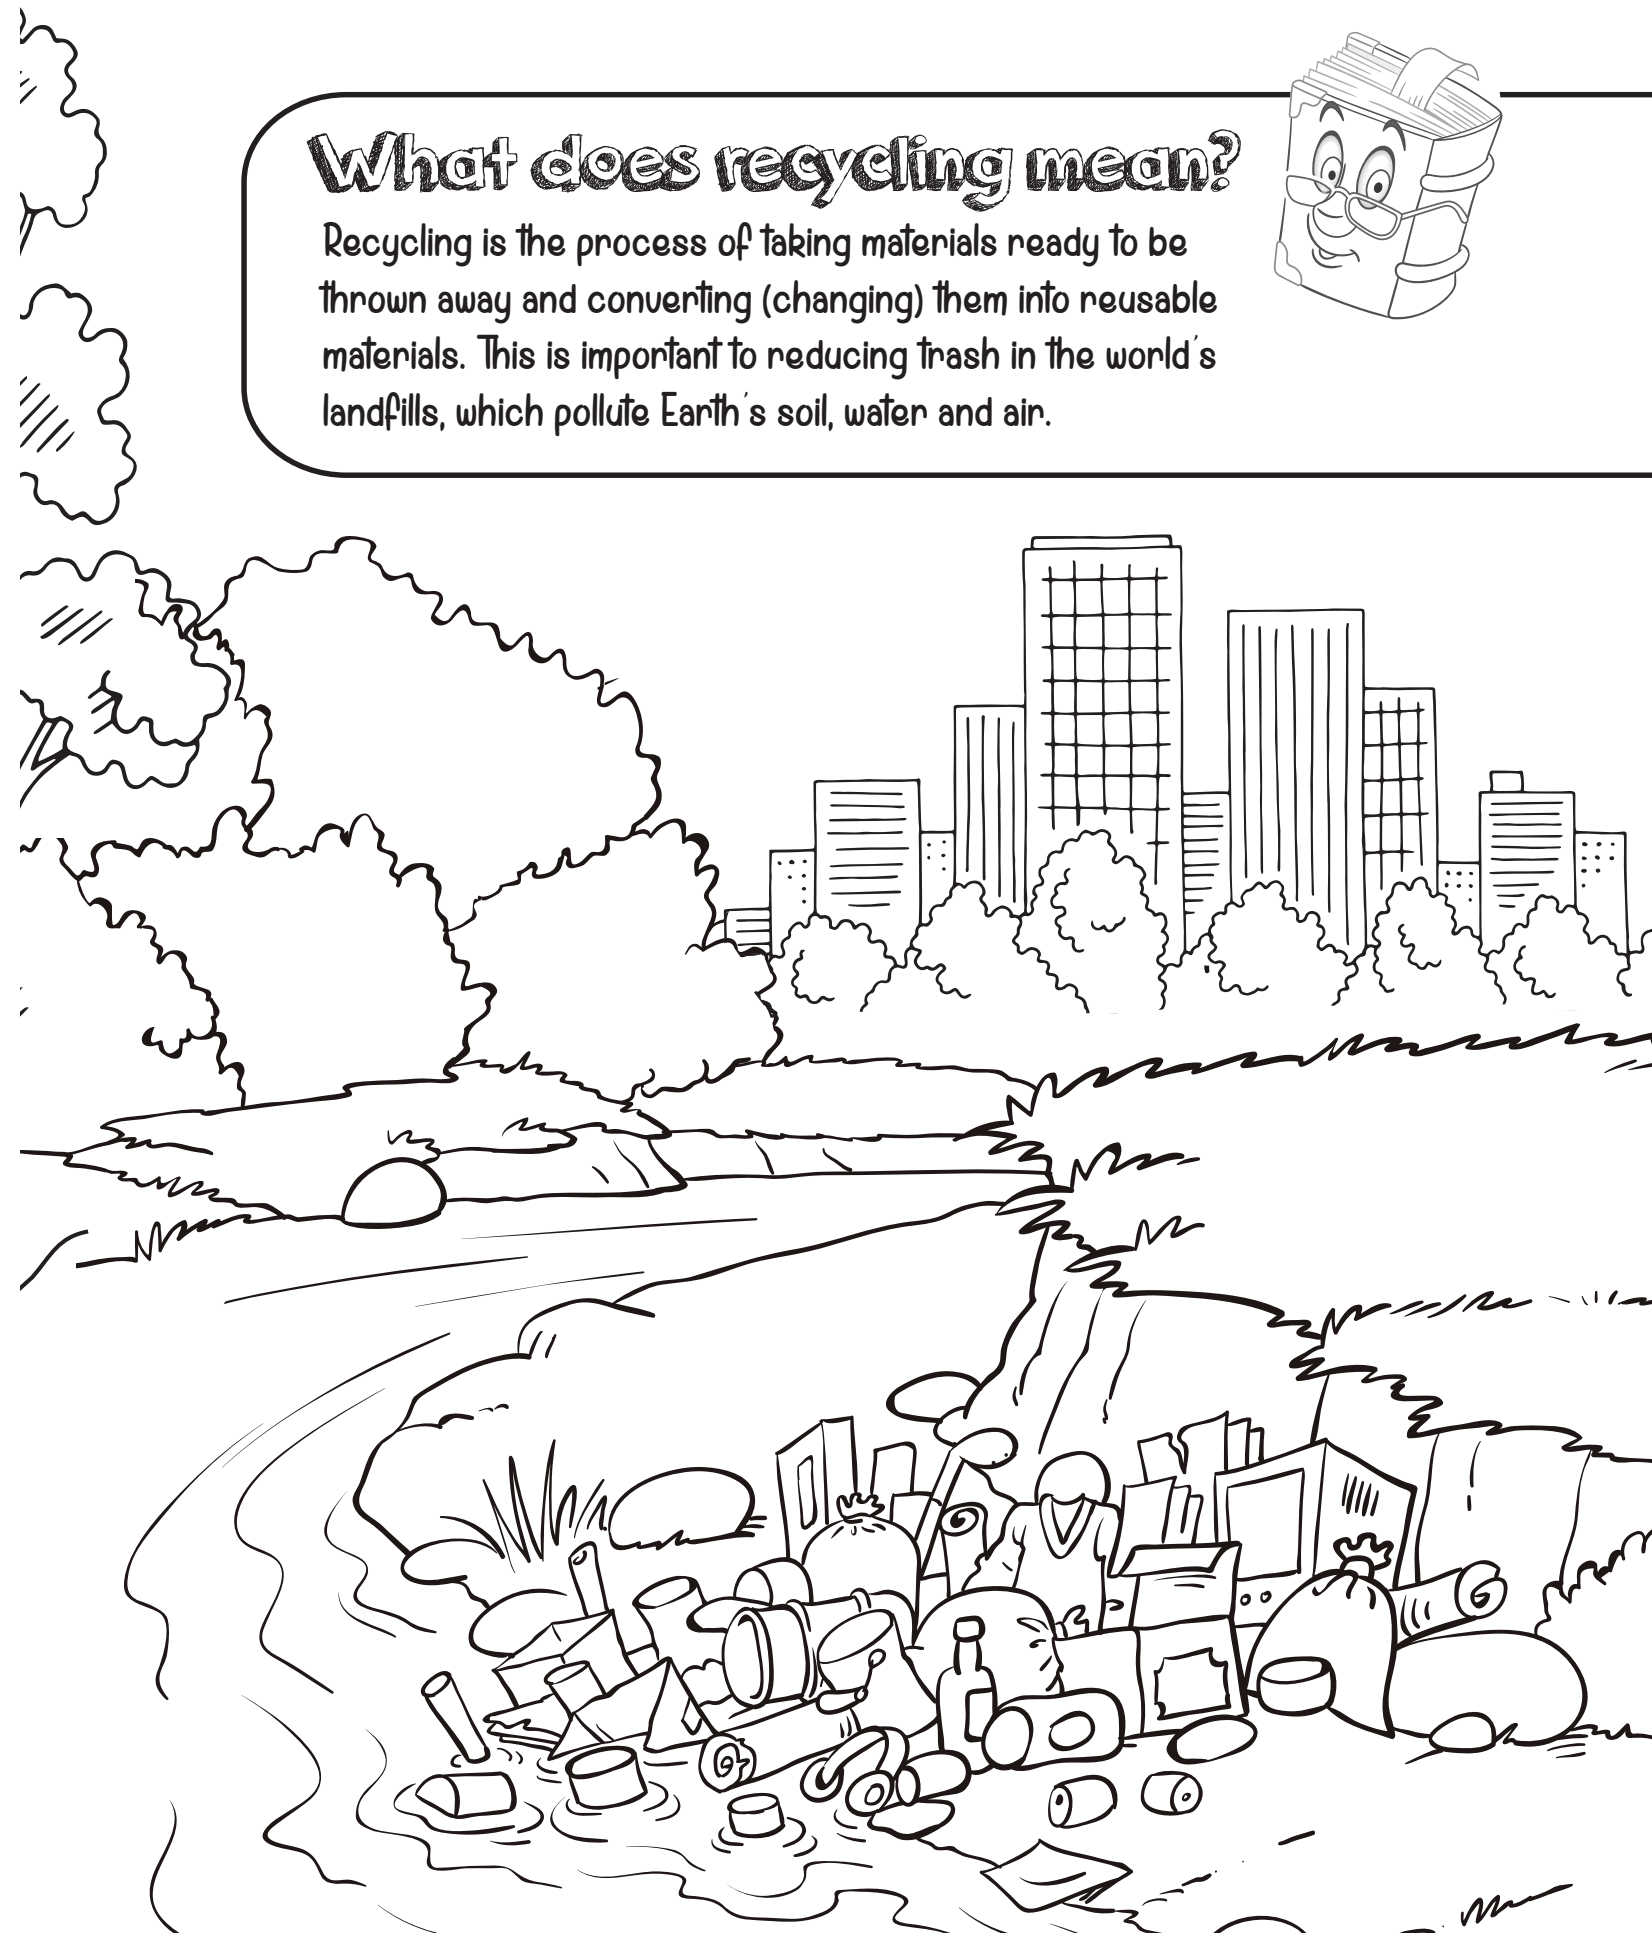

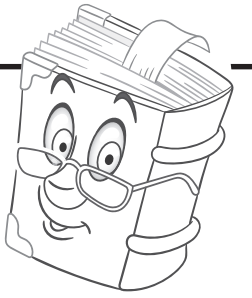

Can you help these kids find their way to the recycling bins?

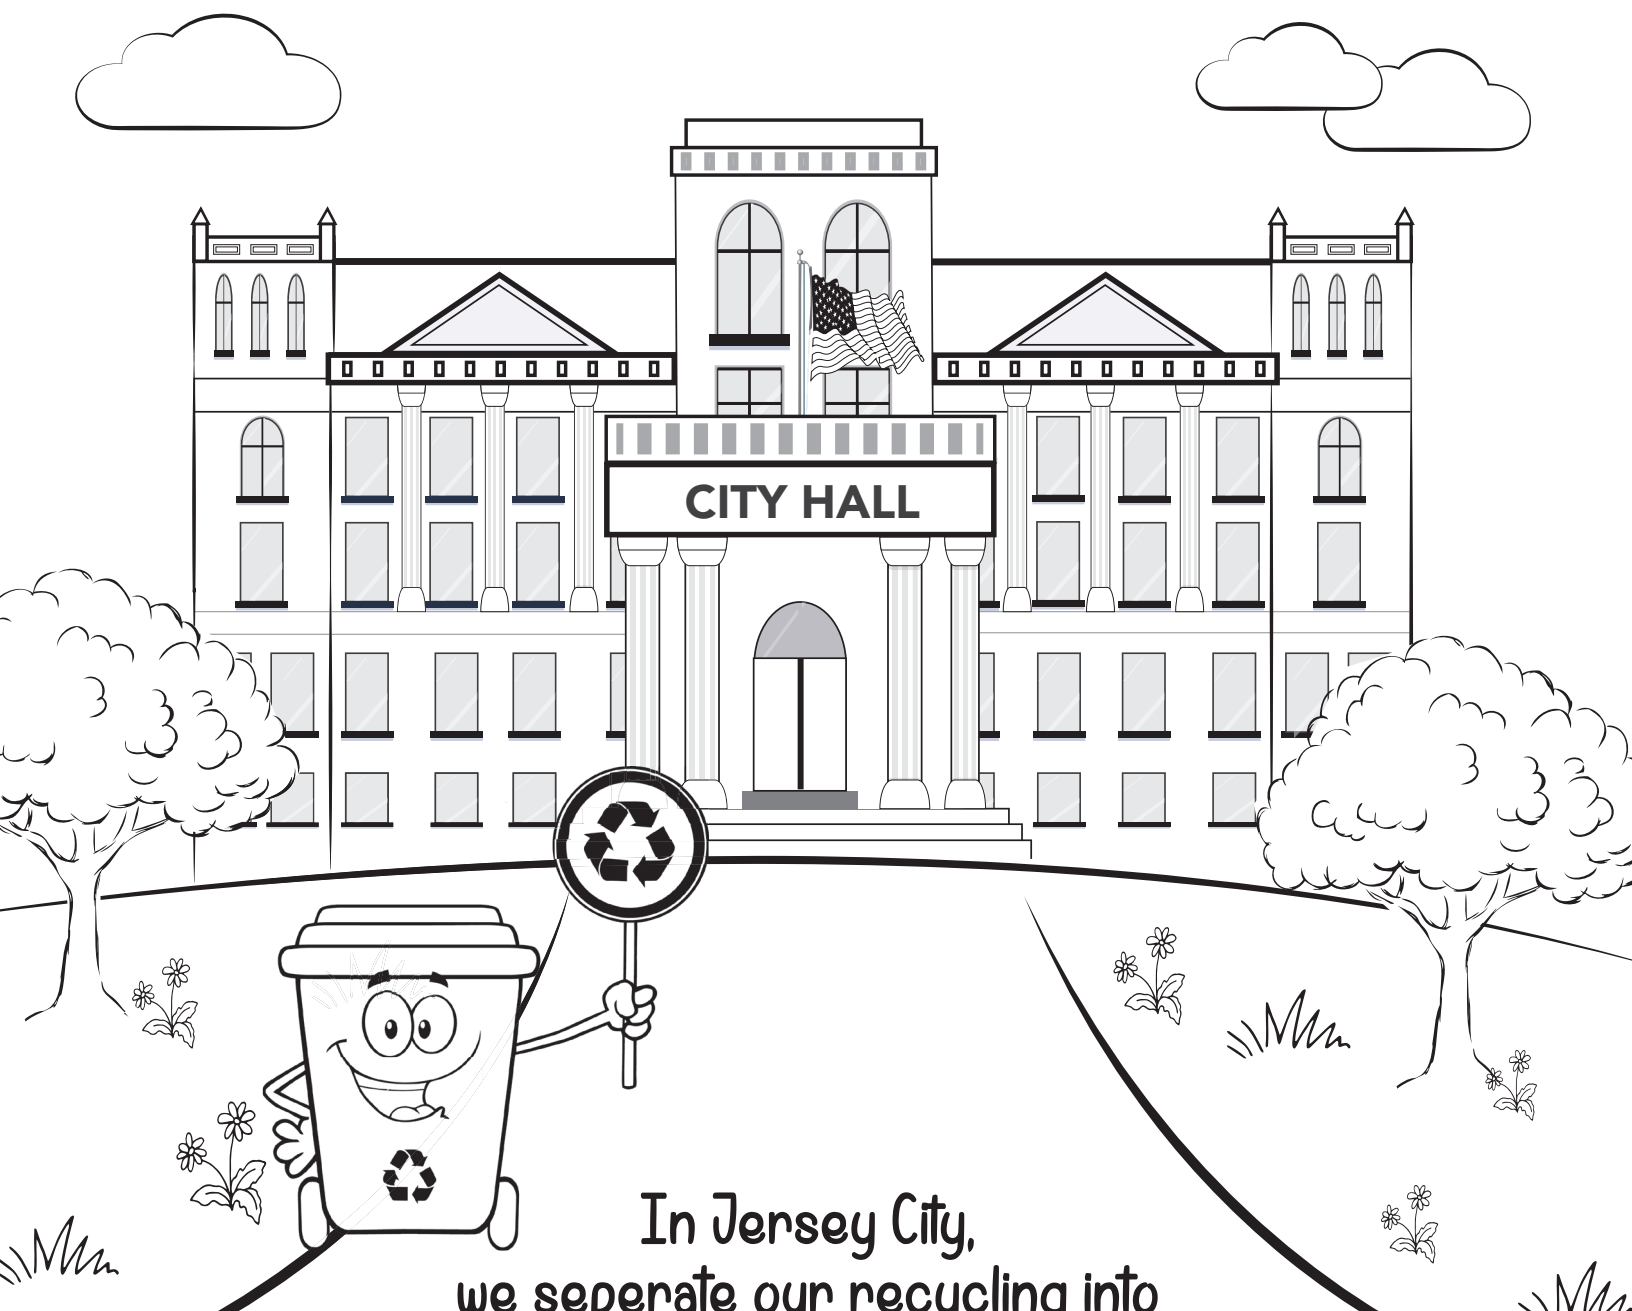

## What does recycling mean?

Recycling is the process of taking materials ready to be thrown away and converting (changing) them into reusable materials. This is important to reducing trash in the world's landfills, which pollute Earth's soil, water and air.

In Jersey City,  
we separate our recycling into  
3 groups.

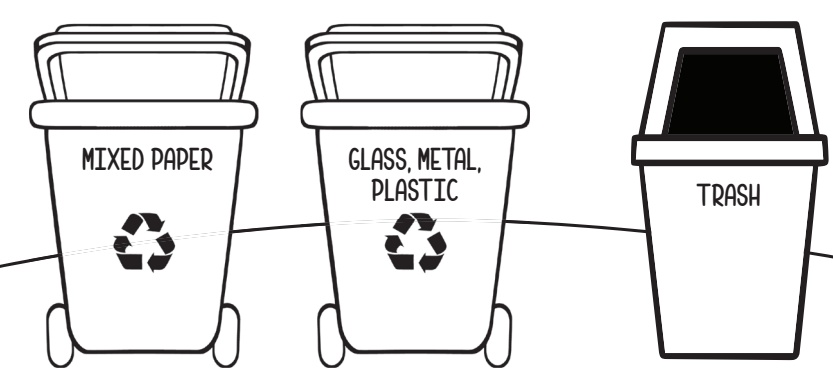

1  
MIXED  
PAPER

2  
CORRUGATED  
CARDBOARD/  
SHIPPING  
BOXES

3  
PLASTIC,  
GLASS AND  
ALUMINUM

# DO YOU KNOW HOW TO SORT YOUR RECYCLING?

Do you know what recycling bin the items below belong in?  
Draw a line from the item to the correct recycling bin or trash.

# DID YOU KNOW?

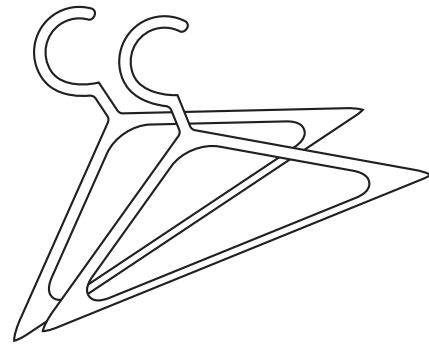

## THESE ITEMS ARE NOT RECYCLABLE

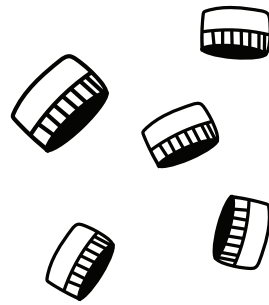

These items below are great for school or art projects!  
Did you know that after you are done using them, they must be thrown out with your regular trash?

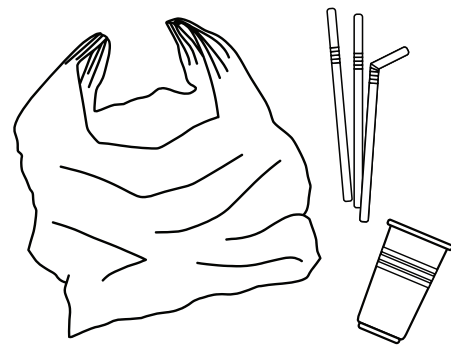

Coffee paper cups, juice boxes, and milk cartons  
(These items can't be recycled because they have a plastic coating.)

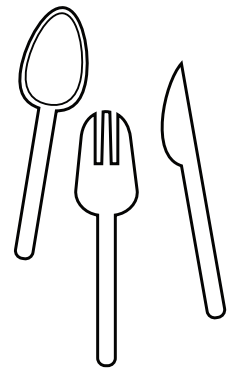

Wire & plastic hangers

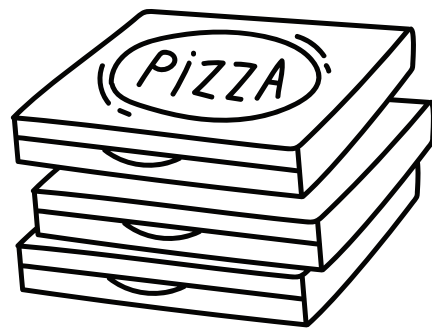

Plastic lids & tops  
(that are not 1 or 2 plastics)

Plastic bags, straws, and other soft plastic films

Cutlery - plastic & metal

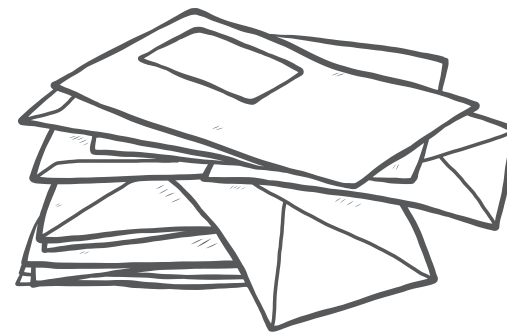

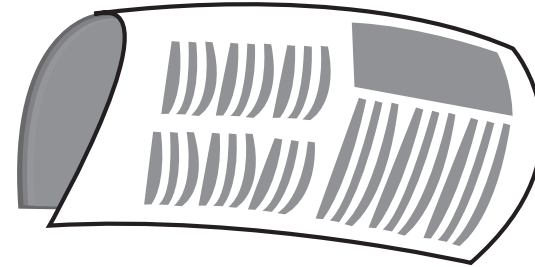

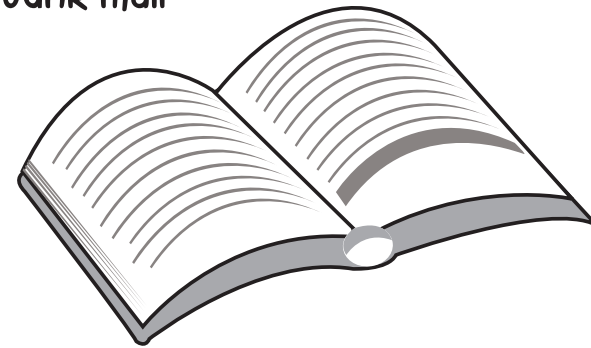

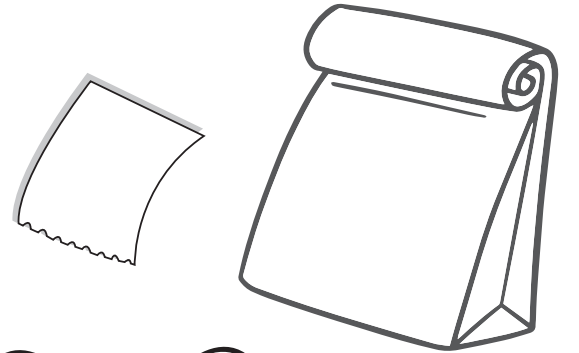

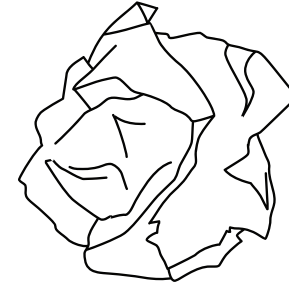

Soiled pizza boxes

# MIXED PAPER

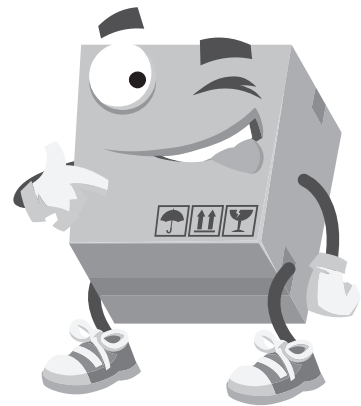

includes recycling these items:

- Newspapers & magazines
- School, office & computer paper
- Cardboard (excluding corrugated)
- Cereal & pasta boxes
- Telephone books
- Paper bags
- Junk mail

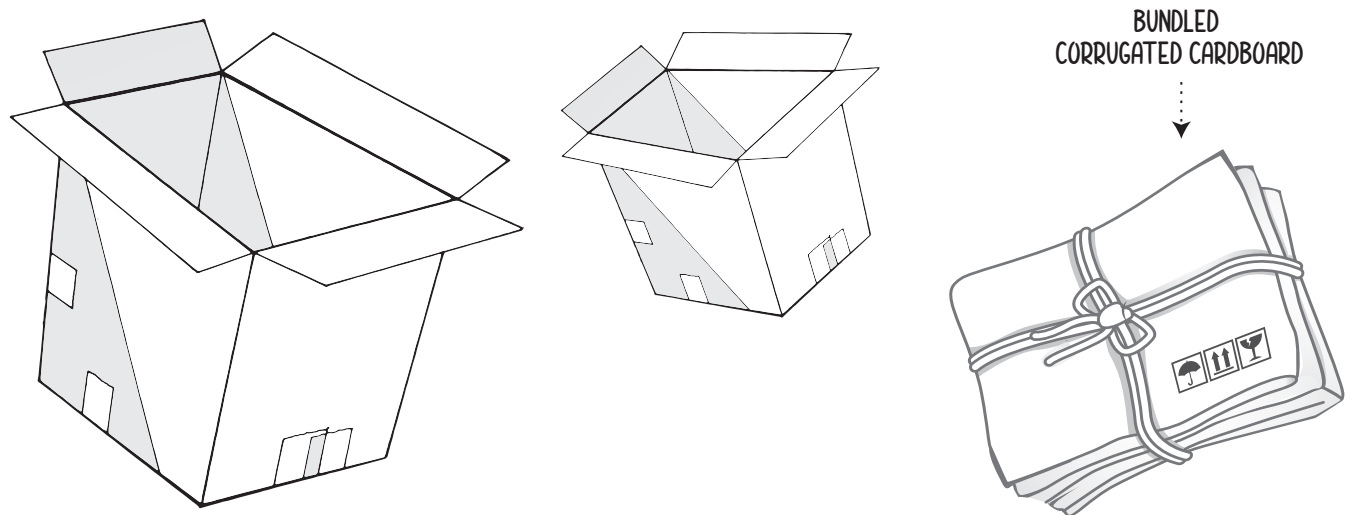

# CORRUGATED CARDBOARD/ SHIPPING BOXES

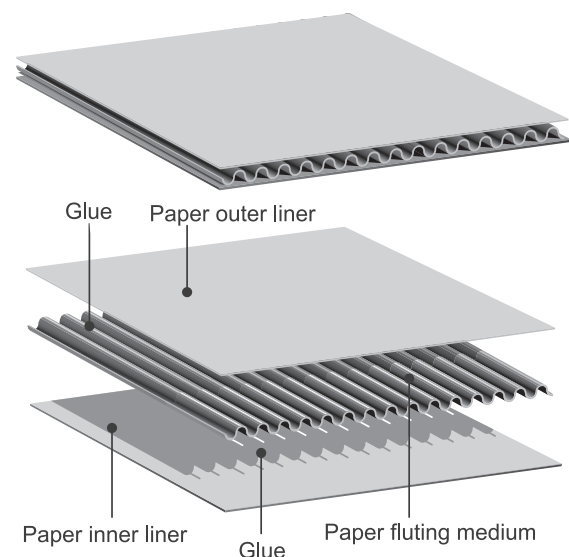

- A way to recycle corrugated cardboard or shipping boxes is by bundling them together and leaving them next to recycle bins for pick-up.

## What does corrugated mean?

Corrugated means molded into tight ridges and valleys. Materials are put into a corrugated shape to ensure strength. Cardboard boxes hold their shape because the cardboard is reinforced with a corrugated layer inside the two flat pieces.

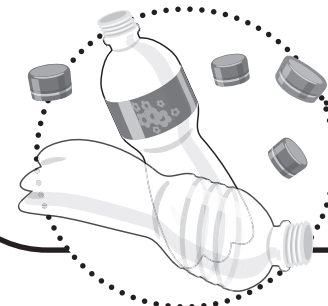

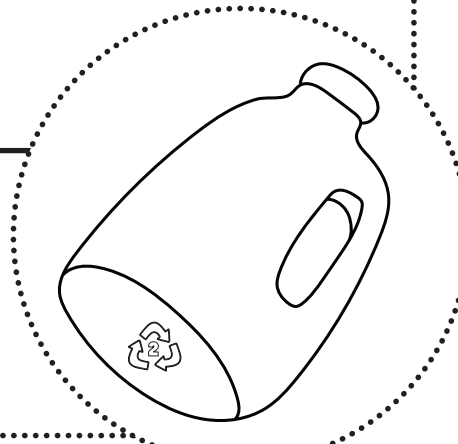

# PLASTIC, GLASS AND ALUMINUM

- All & plastics (excluding plastic lids and tops)
- All glass jars and bottles
- All cans (except for paint cans)

## Did You Know?

Jersey City only recycles & plastics. You can find out what number your plastic product is by looking underneath it for the number and recycling symbol.

Bottle caps are not recyclable because they are made from a different plastic.

## **PRINTING INSTRUCTIONS:**

**This document is meant to be printed double-sided, on a 11x17 tabloid page size, horizontal page orientation.**

### **(Windows) Print double-sided in Acrobat, Reader 10 or earlier**

- 1. In Acrobat or Reader, choose File > Print. (11x17 standard page size, choose horizontal page orientation)**
- 2. Click Properties.**
- 3. Click the Layout tab. This dialog varies printer to printer. ...**
- 4. Make a selection from the Print On Both Sides pane. ...**
- 5. Click OK, and then click OK again to print.**

### **Once your document is printed double-sided**

- 2. Gather the pages in order.**
- 3. Then fold the pages in half to create a booklet.**
- 4. Once folded, you can staple the folded middle area so the booklet doesn't come apart.**
- 5. Enjoy your Jersey City Recycling Coloring Book!**
