

# JERSEY CITY

***MADE TO MOVE***

# WHO JERSEY CITY IS

Most  
**Diverse City**  
in the Nation

Parks and Recreation  
Master Plan for  
**70+ parks**

Population  
**270,000**

**Active  
Transportation**  
pedestrian, bicycle  
and public space  
improvements  
through tactical  
urbanism

**Vision Zero**  
commitment

# WHAT THE PROJECT IS

A Pavement-to-Parks project, pedestrianizing two redundant roadways and creating meaningful open space for an underserved neighborhood in Jersey City.

# ANTICIPATED CHALLENGES

Limited  
size

No centralized  
organization  
to manage  
programming

Construction and  
implementation  
timing

# COMMUNITY IMPACTS & ANTICIPATED BENEFITS

No  
significant  
traffic impact

No  
parking loss

Creation of  
unique open  
space for  
ethnically  
diverse  
neighborhood

Implementation  
of low-stress  
bike network on  
adjacent streets  
to connect to  
other parks and  
neighborhoods

Advances City's  
transportation,  
sustainability  
and quality of  
life goals
